Teacher's official page

Virtuale: e-learning platform

- used for
 - exercises
 - exams
 - includes a detailed description of the exam rules
- students must be enrolled in the course

Laboratory activity

- It is assisted by a tutor, the teacher will not be present
- In order to pass the exam the attendance to most of the lab classes is

strongly advisable!

- In other words, the probability to pass the exam without having done a significant amount of lab work is very, very low
